

# REITPAC PRIOR APPROVAL FORM

Federal law requires that corporate members of Nareit sign this Prior Approval Form (PAF) in order for REITPAC to work with the company to help solicit voluntary contributions from the company's executive and administrative personnel during the calendar year(s) indicated by the authorized signature. Signing this PAF allows Nareit to communicate with the company's primary contact about REITPAC. It does not obligate any company employee to contribute to REITPAC. **As a matter of policy, Nareit will NOT solicit employees of any member company directly other than the CEO.** Nareit will **ONLY** provide assistance to the company's CEO, or primary contact, to pursue voluntary contributions from the company's employees when requested.

Federal election law states that a corporate member company of a trade association can only give prior authorization to one trade association PAC per year. This prior approval authorization to REITPAC does not interfere with the right of a corporation to solicit contributions to its own PAC. This prior approval may be withdrawn at any time.
